

# Photo/ Video/Audio Consent Form

The Young Scientist of Wyndham contest has a Privacy Policy which requires schools to gain parent/guardian permission to use photographs/video footage or digital images of students to be used during and after the event.

Examples of this may include:

- Digital camera images used in the Young scientist of Wyndham contest website to promote Students models/ Presentation or to promote the school.
- Photographs taken for the the Contest newsletter, flyers, local community newspaper and/or publications to promote student's creation.
- Video footage used on the Website and youtube channels to aide in the selection process for the contest.

The Young Scientist of Wyndham contest is requesting written consent from parents to have photographs, video, footage or digital images to be used in the manner mentioned above to display the students talents and abilities.

Permission to use photographs, video footage or digital footage of my child/dependent to promote/exhibit the presentations and the contestants behind the innovative models.
